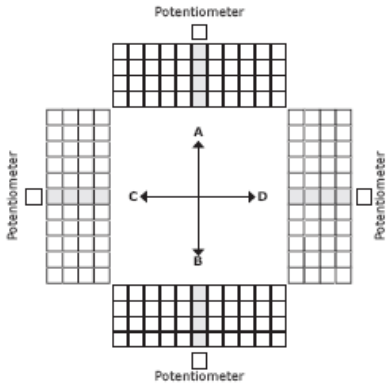
- ☐ Notching
- ☐ Notching - spring return
- ☐ Linear - sring return

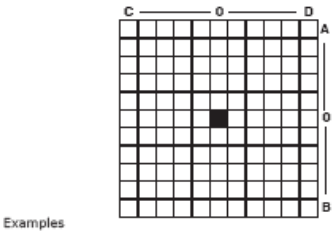
LABEL

- ☐ Blank
- ☐ Lifting-Traverse symbols
- ☐ Trolley Rotation symbols



LEVER GUIDE

Number of steps in each direction



Examples

5 steps direction A-B
1 step direction C-D
360° movement

2 steps direction A-B
3 steps direction C-D
360° movement

3 steps direction A-B
3 steps direction C-D
Cross movement

INSTRUCTION

- Mark the boxes corresponding to the type of **handle** (knob and type) and **movement** required.
- When necessary, write the number corresponding to the **potentiometer** or the **preset** required.
- Mark the box corresponding to the **label** required.
- Choose the type of **lever guide** required blackening the boxes corresponding to the number of steps of the lever in each direction.
- Fill in the **contact** scheme blackening the boxes corresponding to the positions where the cams close the contacts (each bar of 11 boxes corresponds to a switch; the central box corresponds to the zero position of the joystick). In the example, the contact is closed in positions 1-2-3 to the left and 3-4 to the right.

REMARKS

The data and the products illustrated in this brochure may be modified without notice. Under no circumstances can their description have a contractual value.
